DETAILED ACTION

Response to Amendment

This action is responsive to the amendment received on October 25, 2005.

Claims 1-10 were pending.

Claims 1-10 are allowed.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach neither singly nor in combination, the claimed limitations of "upon detecting at a first node conditions suitable for instituting change in adapter group membership, sending to a recipient node, a message indicative of previous membership of said first node in a stable adapter membership group upon the condition that said recipient node is also indicated as being part of said stable group as" as stated in claims 1, 5, and 8. These limitations, in conjunction with other limitations in the independent claims, are not specifically disclosed or remotely suggested in the prior art of record. A review of claims 1-10, in view of the applicant's amendments, indicates that claims 1-10 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
